

# RB: Trade Association Membership 2018

## Our RB Values

At RB, our purpose is to make a difference by giving people innovative solutions for healthier lives and happier homes. We also strive to be the world's leading nutrition company for infants and children and to nourish the world's children for the best start in life.

Our core values of Responsibility, Ownership, Achievement, Entrepreneurship and Partnership underpin our shared vision. RB's core values are a set of interwoven principles and behaviours. They are all vital, and the Responsibility value is at the centre.

RB's Code of Conduct ensures that employees and contractors across the Group have a clear understanding of the principles and ethical values that RB promotes.

As a company, we are committed to carrying out business in accordance with the highest ethical standards. This includes complying with all applicable laws in the countries in which we operate.

## Political Donations

Authority is sought each year from Shareholders, on a precautionary basis, to approve political donations and incur political expenditures in accordance with the requirements of Part 14 CA 2006 as the definitions in the Act are broad.

No political donations or expenditure of the type requiring disclosure under s366 and s367 of CA 2006 were made in the year ended 31 December 2018 nor are any contemplated.

This statement is also available in our Annual report 2018 page 121.

During the latter half of 2018, RB worked with Transparency International to formulate a Responsible Advocacy policy (effective from 1 January 2019). The said policy introduced a prohibition against political donations being made by RB; thereby resulting in further amendments to the RB Code of Conduct and Anti-bribery policy being required.

## Trade Association Memberships

We are a member of health, hygiene, home and nutrition (including the Infant and Child Nutrition business) focused trade associations across the globe. RB's membership is annually reviewed (by our Group Ethics & Compliance department) and published in our Sustainability report and on our website (including total related global expenditure).

## Trade Association Spend

The global RB spend on Trade Associations in 2018 was £4,698 million.

Here is the breakdown of global trade association spend by region in 2018.

North America	£1,833,511.25
